Broker Comments

"Sliver Fox" represents a well cared for example of the ever popular Princess 42. This classic 44ft fly bridge Princess offers her owner luxurious space on board with two double cabins, two heads, a spacious and well appointed saloon. This is all delivered with excellent seakeeping which is courtesy of her deep V hull, engine weight located in the centre of the yacht and power being delivered by shafts, from her 480hp engines, the largest a Princess 42 can be built with.

The yacht has been well maintained. She was last out of the water in December 2025 at which point she was re-antifoiled, anodes renewed, props and rudders burnished. The engines were serviced in January 2025.
