Broker Comments

This 2012 Princess V52 has been exceptionally well looked after by her original owner,, who purchased it from us new, and is presented in excellent condition. Powered by twin Caterpillar C12 engines (715hp each), she offers impressive performance with a top speed of around 36 knots, while her low engine hours reflect light private use.

She has been meticulously maintained throughout her life, with a full service history, making her a fantastic example of this popular model. The yacht is fully prepared for the season, with no immediate work required, so she's ready to be enjoyed straight away.

The V52 combines sporty looks with comfortable cruising. She offers a spacious two-cabin, two-bathroom layout, comfortably sleeping four guests. Outside, there's plenty of space to relax, including a generous cockpit seating area, forward sunpads, and an easy flow between the cockpit and saloon. Inside, the bright saloon and lower dinette provide a comfortable space for entertaining or longer stays on board.

She comes well equipped with an electric sliding sunroof, hydraulic bathing platform, bow and stern thrusters, 11kW generator, cockpit wet bar with electric barbecue, Raymarine navigation equipment, Williams 285 Jet Tender, 64,000 BTU air conditioning, and a separate crew cabin.

The yacht has recently completed extensive maintenance ready for the 2026 season, including antifouling, hull polishing, seacock inspection, new anodes, and servicing of both the engines and generator. Major work was also carried out in 2025, including replacement of the engine exhaust pipes and a complete fuel system clean and flush.

She is British flagged, EU VAT paid, and viewing is highly recommended.
