Please read this Guarantee carefully and make sure You understand and fully comply with its terms and conditions. Failure to do so could lead to You not being entitled to some or all of the benefits.

THE SCHEDULE

The Schedule should be kept with this Guarantee. It contains Your details, the details of the Craft to which the Guarantee applies, the Period of the Guarantee and its commencement date, the Aggregate Repair Limit, the Single Repair Limit and the Franchise Limit.

Please check that the information contained in the Schedule is correct. If it is not, please contact Us immediately.

MARINE MECHANICAL BREAKDOWN GUARANTEE

Your Schedule sets out the Franchise Limit, Single Repair Limit and Aggregate Repair Limit.

Any claim for an individual Repair Cost which falls beneath the Franchise Limit will be paid by You. Should any claim for an individual Breakdown exceed the Franchise Limit, then the whole of the claim (and not merely the excess over the Franchise Limit) will be met under the terms applicable to this Guarantee, subject always to the Single Repair Limit and the Aggregate Repair Limit.

This Guarantee is designed to pay for Repair Costs (or, at Our option, the Replacement Costs) of any included Components which have suffered Breakdown during the Period, whilst Your Craft is within the Geographical Limits.

During the Period of Your Guarantee, Your Craft must be permanently registered to You.

The Guarantee does not include nor extend to the cost of parts that are replaced at the time of Repair but which have not suffered Breakdown.

If, following a Breakdown, a component is replaced, the Guarantee will not pay for that replacement component during the term of any manufacturer's guarantee relating to it. Eligibility under the Guarantee will start again upon expiry of that manufacturer's guarantee, provided Your Guarantee has not expired. This Guarantee is not to be a substitute for the manufacturer's liability if the Craft is found to be unfit for the purpose for which it was intended, or is not as described or is not of satisfactory quality.

Subject always to the Franchise Limit, You may claim up to the Single Repair Limit in respect of each individual Repair Cost and You may claim up to the Aggregate Repair Limit for the total of all or any of a series of Repair Costs during any 12 month period (commencing on the commencement date or anniversary thereof as appropriate) within the Period.

The Aggregate Repair Limit will be reduced on a pound for pound basis by the cost of any Repairs Costs made during any 12 month period (commencing on the commencement date of the Guarantee or anniversary thereof as appropriate) within the Period.

WHAT IS INCLUDED?

This Guarantee entitles You to Repairs (or, at Our option, Replacement Costs), incurred as a result of a Breakdown (as defined).

IMPORTANT: The Single Repair Limit and Aggregate Repair Limit are subject to an overall limit of 8 hours labour in total for removal of the deck and/or the superstructure of the Craft in connection with an approved Repair.

- If an investigation reveals that the Breakdown is not within the scope of Your Guarantee, then You must pay the costs incurred.
- Only You may give permission for investigation, exploratory or dismantling work, and You do so in the knowledge that You will be responsible for the costs incurred if the fault is not within the scope of Your Guarantee.
