PRINCESS MOTOR YACHT SALES. THE START OF A JOURNEY.

Over 50 years ago we set sail on a partnership with Princess Yachts, becoming the largest Princess dealer worldwide. It has meant we've built an unparalleled breadth of services for our clients to enjoy. A truly world-class service that is no less than these beautifully crafted motor yachts deserve.

NO ONE KNOWS A PRINCESS YACHT BETTER THAN US

Enjoying a strong and lasting relationship with Princess Yachts since 1965 means that we have a team of staff who know Princess better than anyone. Meticulous. Dedicated to their craft. These words don't just apply to the master craftsmen who build a luxurious Princess yacht, but the team who sell, maintain and service them too.

Our vast team of over 140 people are found in 26 locations across the UK and Europe. Whether you're enjoying the sun-kissed Balearics, the serene Swiss lakes or the glamour of Puerto Banus, we'll be there to support you – because our expertise and knowledge know no boundaries.

THE BEGINNING IS NOT THE END

From the first meeting, we'll help find the perfect yacht for you. And we'll help you specify and build it with a genuinely personal service.

We'll walk you through the whole process, not just being there from the start – but for every journey along the way – from financing and insurance through to servicing from our expert Princess-trained team of more than 50 engineers.

WELCOME TO THE FAMILY

Our business is family-owned. Being built on a strong ethos and honest values means that whether you buy, sell or charter with us, you're not just another customer, you become part of our family. We believe it's what sets us apart. So, read on to discover where we can take you.

NEW YACHT SALES. IT'S NOT WHERE YOU COME FROM. IT'S WHERE YOU BELONG.

There's no place more steeped in British maritime history than the city of Plymouth. And that's why there's no better place to build these exceptional craft. Since 1965, our team of highly skilled craftsmen have meticulously sculpted each and every yacht around its owner's desires.

Over 3,000 people, each dedicated to their craft and passionate about what they do. It's their attention to detail that has driven this culture of innovation – building yachts that are not just beautiful, but the most technically advanced in the world.

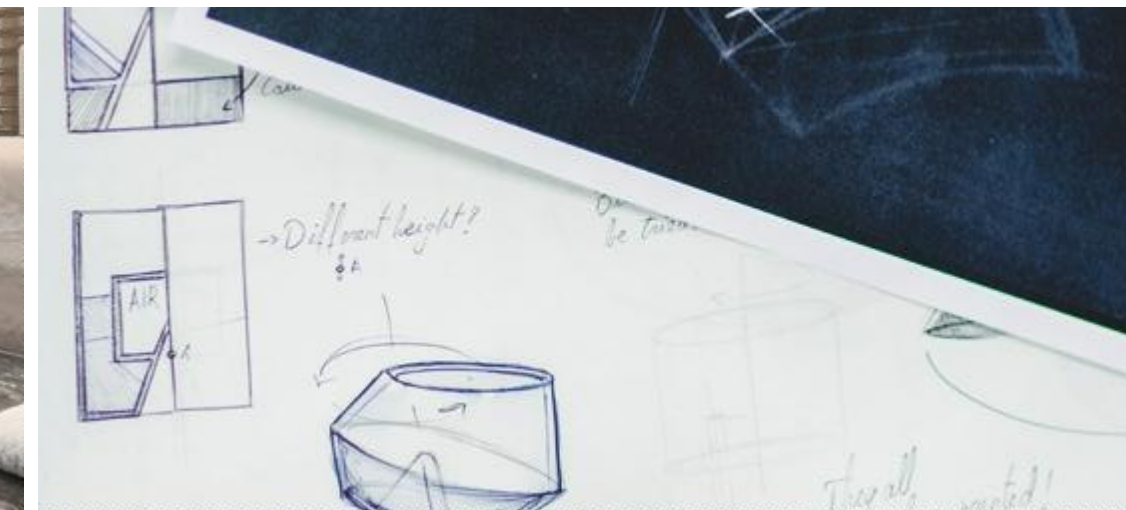

WE'LL NAVIGATE YOU THROUGH THE WHOLE PROCESS

No question or query is too much for our sales team. They are here to guide you through the purchasing process. Based in 26 locations across the UK and Europe, they will help you realise your dreams, and ensure you receive support from your yacht handover and beyond.

As an owner, you'll also get to enjoy our unique owner events. These will see you learn new skills, meet new people and discover more about the luxury of a Princess Yacht lifestyle. Because when you buy from us, you're not just a yacht owner – you become part of something more. You become part of our family.

BRINGING DREAMS TO REALITY

From the start of the process, the Princess design team will be there to help you realise your vision. Our philosophy is based around getting to know you and your personal needs – so that you can enjoy the process of creating your perfect yacht.

CREATE SOMETHING AS UNIQUE AS YOU ARE

Attention to detail is everything. That's why you'll enjoy access to the Princess Design Studio, should you require – helping you create something with your stamp on it. The interior design service is delivered by a dedicated design consultancy team based at the Princess manufacturing facility in Plymouth, and the Design Studio in Mayfair. We have the scope to consider everything down to the last detail – from the interior layout of your yacht, right through to the furniture, lighting and final layer of accessories.

SPECIALISTS IN PRINCESS OVER 70FT.

With over 150 yachts 70ft+ sold since the year 2000, we have the experience to deliver.

As motor yachts push beyond the 70-foot mark, they deliver an elevated experience in terms of guests, versatility, cruising horizons and watersports activities. They also require a more complex and integrated approach to issues like finance, maintenance and management.

With our Motor Yachts Division, whether you favour our high performance fly-equipped S78, our award-winning Y-Class range or our radical new X-Class range of superfly yachts, we have the people, the processes and the infrastructures in place to bring you a more relaxed and satisfying buying, selling and ownership experience.

BESPOKE OWNERSHIP OPTIONS

With legal, financial and insurance partners based in key locations around the world, we can help make large yacht ownership work for you. We bring their services together to provide a full turnkey solution that will dovetail with your personal circumstances.

BETTER BERTHING SOLUTIONS

Fully serviced superyacht berths in the world's most coveted destinations can be tough to find. Those with multilingual staff, reliable climates, nearby airports, round-the-clock support and attractive cruising grounds are frequently oversubscribed. But whether you need a permanent base or access to a variety of peak-season visitors' berths, we have the contacts to deliver it.

THE YACHT CREW YOU DESERVE

At Princess, we understand the impact of having good Captain and crew. While we don't do the recruiting, we'll put you in touch with quality recruitment services who'll guide you every step of the way. They will custom match the crew to your needs and they'll also take care of the administrative tasks required to manage their employment, including contracts, confidentiality agreements, payroll and reference checks. All you have to do is relax and enjoy.

RELIABLE CHARTER REVENUE

If you want to offset the cost of ownership by offering your yacht for charter, we can take charge of that. We will ensure it's marketed to the right audience. We will broker perfectly tailored itineraries for each charter guest that comes our way and we will provide unstinting 24-hour support both before and during each charter. At a stroke, your yacht will gain the regular use it needs to keep its systems and crew in prime operational condition, while helping mitigate your annual costs.

FLEXIBLE 24-HOUR BACK-UP

With mobile engineers at our sales and service hubs in the UK, Germany, the Balearics and southern Spain, our technical expertise is on hand whenever and wherever you need it. You can take advantage of a bespoke annual maintenance package or you can enjoy the personal reassurance of our yacht concierge service. Whether for routine maintenance, unexpected technical issues or out-of-hours yachting advice, we give you a single point of contact for all matters relating to your yacht. And when the time comes for an upgrade or refit? No problem. With a dedicated Retrofit Department, we can take care of that too.

PRINCESS APPROVED.
THE LUXURY OF COMPLETE PEACE OF MIND.

At Princess Motor Yacht Sales, we believe buying a pre-owned luxury yacht should be every bit as fun as buying a new one. And the reassurance of buying from an established name like us means you can relax and enjoy the process. Every year we handle around 40 used yachts, all prepared to the highest industry standards and marketed via our retail network. Our Princess Approved craft represent the pinnacle of a pre-owned yacht purchase.

IT TAKES A LOT TO BECOME PRINCESS APPROVED

Approval is attained through an industry-leading process that incorporates an independent survey and sea trial, alongside a Princess factory-approved 320 point check. Each yacht benefits from a 12-month insurance-backed guarantee that covers all mechanical and electrical components aboard the vessel with the option to extend or renew for up to 5 years. All our stock is thoroughly checked, prepared and supplied ready to go – including engine and generator service, new antifoul and anodes, and a thorough interior and exterior valet.

COVER THAT NOW TAKES CARE OF EVEN MORE

Our Pre-Owned Yacht Guarantee Programme began as an industry-leading offer 8 years ago and the 2022 version is another strong step forward. You simply can't get better peace of mind when purchasing a used boat.

SAFETY IS OUR FIRST PRIORITY

All fire systems are serviced and certified and, if relevant, an up-to-date gas safety check is undertaken. Every boat comes with a full tank of fuel, as well as a comprehensive technical handover from one of our highly experienced engineers – this includes a detailed guide of all onboard systems, a thorough briefing of the safety equipment, and a complete run-through of the operation on the boat. It can even include close quarter boat handling if required. We aim to leave the new owner completely acquainted with their purchase – offering this service irrespective of boat location – and will dispatch a technician to wherever it's moored.

When you buy Princess Approved, you will enjoy the very best as a Princess Motor Yacht Sales customer. With Princess Motor Yacht Sales Individual for customisation and retrofit as well as our Aftersales Concierge for warranty, parts and service.

WHO IT'S FOR

YachtQuarters is an ideal solution for everyone. A FRESH APPROACH TO YACHT OWNERSHIP

YachtQuarters was created by us to allow you to conveniently and cost-effectively share all the acquisitional and operational costs of a yacht. And all while every aspect of running it is taken care of by a dedicated team of professionals, including berthing, insurance, servicing, skipper and crew.

YOUR YACHT. YOUR ASSET.

Unlike many fractional ownership programmes, you are not just paying for time on board. With YachtQuarters, you have a full, legal share in your yacht. YachtQuarters works through bringing a group of up to eight owners together in a combined ownership structure. Each yacht ownership structure stays in force for four years. An eighth share in the programme entitles each owner to five weeks on board every year.

There's even a concierge service to help plan your trip. And we can make sure your yacht always feels yours – with your personal décor, as well as your bed linen and towels on board ready and waiting for you. All you and your guests have to do is sit back and relax.
